

Lambkin Football Fundraiser Waiver

1. *I understand that my son will be expected to submit 25 e-mail addresses at lambkinfootballfundraiser.com in order to attempt to raise \$600 per player during the summer/fall of 2017.*
2. *I understand my son is expected to make their best effort to raise \$600 for our football program. It is our hope as a coaching staff that everyone will participate in the fundraising efforts that support everyone involved in the football program. However, I cannot force anyone to participate, but it is strongly encouraged to be a contributing member to our fundraising needs that are ever increasing each year. The following chart outlines our incentive structure that we provide for students who participate in the fundraiser program:*
 - *Raise \$600 in fundraiser contributions – student will receive their fall spirit pack (travel t-shirt and game socks) for no cost.*
 - *Raise less than \$600, the student will be asked to contribute the amount they are short up to \$600.*
 - *For example if a player raised only \$450 in fundraiser contributions, we would ask that player simply personally contribute (in this case \$150) the money that they are short of at our \$600 goal per player to FCHS football to make up for the amount they were short.*
 - *If a player chooses not to do the fundraiser at all, then we ask that the player/family contribute \$600 of their own money to the FCHS football program to help us cover our financial requirements through the football season.*
3. *I understand that is my decision as to whether I participate in this fundraiser or not. If I choose not to participate and do not submit the 25 e-mail addresses to the lambkinfootballfundraiser.com website then I will be asked to contribute \$600 to FCHS Football. I understand that \$600 covers the cost of a player's helmet, their shoulder pads and one game jersey.*
